

# YLS Foamers

*Foamer with 2 Liter Tank***FEATURES**

- Comfortable Impact Resistant Housing
- Forged Brass Body with Stainless Steel Diffuser
- Adjustable Injector
- 2 Liter Tank

**SPECIFICATIONS**

| Part Number                | YLS10T215                              | YLS10T218 | YLS10T221 |
|----------------------------|--|-----------|-----------|
| Maximum Volume             | 6.5 GPM                                |           |           |
| Maximum Discharge Pressure | 3200 PSI                               |           |           |
| Maximum Fluid Temperature  | 140 °F                                 |           |           |
| Inlet Port Thread          | G 3/8"                                 |           |           |
| Tank Capacity              | 2 Liter                                |           |           |
| Nozzle Size                | 1.5 mm                                 | 1.8 mm    | 2.1 mm    |
| Weight                     | 1.2 lbs                                |           |           |
| Dimensions                 | 12.4"x4.7"x12.2"                       |           |           |
| Materials                  | Stainless Steel, Brass, Viton, Plastic |           |           |

**WARNING: High Pressure Systems require a primary pressure regulating device (i.e. regulator, unloader) and a secondary pressure relief device (i.e. pop-off valve, relief valve). Failure to install such relief devices properly could result in personal injury or damage to pump or property. GP does not assume any liability or responsibility for the operation of the user's high pressure system.**
